

Submission Guidelines

Please use the standard IEEE conference templates for LaTeX. You may also use one of the following Microsoft Word templates: A4 or US letter. Only .doc files will be accepted for review, and all submissions must be made through the OJS system.

Prospective authors are invited to submit a full paper of no more than six (6) pages, including results, figures, and references.

Papers must not contain plagiarism and must not be submitted simultaneously to any other conference (dual submission).

All submitted articles will be reviewed by at least three members of the Organizing Committee. Articles that are selected and presented may be included in the conference proceedings and published on the conference website.

Co-Chairs

Kyiv, Institute of Applied Control Systems,
National Academy of Sciences of Ukraine

IMPORTANT DATES:

Deadline for submission: October 13, 2025

Notification of acceptance: October 24, 2025

Submission of articles ready for publication: November 7, 2025

I INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE “APPLIED CONTROL SYSTEMS AND ROBOTICS”

12 - 13 November 2025 // Kyiv, Ukraine

The annual scientific and practical conference “Applied Control Systems and Robotics” was established by the Institute of Applied Control Systems of the National Academy of Sciences of Ukraine in 2025; The conference’s organizing committee includes leading professors—experts in applied control systems, robotics, 3D printing, artificial intelligence, and mathematical control who are recognized both within the country and far beyond its borders;

The conference was established and is held as part of the celebration of the International Day of Engagement in Science for Sustainable Development (November 27). This international day was officially adopted by UNESCO at Ukraine’s initiative in 2025. The holiday aims to popularize science, encourage early engagement of young people in research, and support sustainable development; the date symbolically coincides with the founding of the National Academy of Sciences of Ukraine;

There is no participation fee;

Based on the conference results, a collection of abstracts will be published as a monograph, with a publishing policy that complies with international standards and norms, including COPE (Code of Conduct and Best Practice Guidelines for Journal Editors), SCOPUS, Web of Science, DOAJ (Directory of Open Access Journals), EBSCO, and others;

All materials submitted for the conference are checked for plagiarism.

TOPICS OF INTEREST (but NOT limited to):

1. THEORY AND PRACTICE OF DEVELOPING AUTOMATED CONTROL SYSTEMS
2. ROBOTICS AND INTELLIGENT MECHATRONIC SYSTEMS
3. TECHNICAL RESOURCES AND INFORMATION TECHNOLOGIES IN THE FIELDS OF MANAGEMENT AND ROBOTICS
4. APPLIED ARTIFICIAL INTELLIGENCE
